

# My Kind Of Woman

Justin Moore

She likes and ice cold bud pressed against her hand  
Standin' on the porch lookin' 'cross our land  
Seein' a bass hit that top water  
Knew that was my kind of woman first time I saw her Yeah she looks good on my tractor  
Good in my truck  
Good on our bed when the sun comes up  
She's good with a canepole  
Good with a gun  
Well its cornbread and sweet tea  
Where she's from  
She's my kind of woman  
Good as they come She'd rather be on a lake than in the mall  
Or in a duck blind at daylight blowing that call  
She likes to get hog wild in the middle of the day  
Yeah my kind of woman likes to roll in the hayshe looks good on my tractor  
Good in my truck  
Good on our bed when the sun comes up  
She's good with a canepole  
Good with a gun  
Well its cornbread and sweet tea  
Where she's from  
She's my kind of woman  
Good as they come Yep yep She looks good on my tractor  
Good in my truck  
Good on our bed when the sun comes up  
She's good with a canepole  
Good with a gun  
its cornbread and sweet tea  
Where she's from  
She's my kind of woman  
Good as they come Yeah she's my kind of woman  
Good as they come  
Ah she hunts and fishes and looks good in camouflage  
she can even drive my boat
