Forgive Me

Evanescence

Can you forgive me again
I don't know what I said
But I didn't mean to hurt youI heard the words come out
I felt that I would die
It hurts so much to hurt youThen you look at me
You're not shouting anymore
You're silently brokenI'd give anything now
To kill those words for you
Each time I say something I regret
I cry I don't want to lose you
But somehow I know that you will never leave me, yeah!'Cause you were made for me
Somehow I'll make you see
How happy you make me, Oh!I can't live this life
Without you by my side
I need you to survive
So stay with me
You look in my eyes
And I'm screaming inside that I'm sorry [sorry][Ooh I'm sorry]And you forgive me again
You're my one true friend
And I never meant to hurt you
