

More Sorry Than You'll Ever Know

John Berry

I knew the day I met you
You were gonna bring a change in me
But sometimes for a man
Change don't come so easilyIt took a little time to figure out
What it is I need to live and what to live withoutMany times I've tried
To tell you of the things that I have done
But when I think how it would hurt you
Somehow the words don't comeI just can't risk tearin' us apart
So the truth will always be buried in my heartI am more sorry than you'll ever know
Your love has touched me so deep in my soul
Just come and hold me and never let go
I am more sorry than you'll ever knowHow could I ask for more
Already you've forgiven me so much
And when it's heavy on my mind
You wipe it all away with just one touchSo I'll just let the past lie where it lay
But if you ever ask I'll get down on my knees and sayI am more sorry than you'll ever know
Your love has touched me so deep in my soul
Just come and hold me and never let go
I am more sorry than you'll ever knowI am more sorry than you'll ever know
Your love has touched me so deep in my soul
Just come and hold me and never let go
I am more sorry than you'll ever know
