

# GET ON UP

## Jason Creasey

Yeah, said it sounds so good to me  
You gotta get on up  
Gotta get on up, yeah, yeah, yeah, yeah  
You gotta get on up, now  
Say it again, Jodeci  
Get on up  
Gotta get on up  
You gotta get on up, now  
Wait a minute, let me tell you  
Everybody grab somebody  
Turn this mutha into a party  
Fellas take your lady's hand  
Ladies go and choose your man  
There's no need to be afraid  
Friday night, let's all get paid  
Positive is the attitude  
Negative is not the mood  
Get on up, no, no  
You gotta get on up  
You gotta get on up, now  
Let's say it again  
Get on up  
And you can't sit down  
You gotta get on up, now  
And you can't sit down  
Now that everybody's movin'  
Everybody in here is groovin'  
Everything is alright  
This atmosphere is so nice  
The D.J. is doin' his duty  
All the ladies shakin' their booty  
And the night is still young  
And the party's just begun, yeah  
Get on up  
And you can't sit down  
You gotta get on up, now  
And you can't sit down  
Get on up  
Get on up

And you can't sit down  
You gotta get on up, now  
Get on up  
And you can't sit down  
You gotta get on up, now  
And you can't sit down  
Get on up  
And you can't sit down  
You gotta get on up, now  
Party, party, party all day, baby  
All day, don't you never, never  
Never, never, never stop  
Never stop, never stop  
And you can't sit down  
Get on up  
And you can't sit down  
You gotta get on up, now  
And you can't sit down  
Get on up  
Everybody just get on up  
You gotta get on up, now  
Get on up, ooh yeah  
It feels so good  
Said it feels so good  
Said it feels so good  
I just wanna get on up  
And you can't sit down  
And you can't sit down  
You gotta get on up, now  
And you can't sit down  
You gotta get on up  
Get on up
