

# It's Alright

Donell Jones

Let the phone ring  
It's about to get physical  
It's just you and me on a late night creep  
Plan on making you moan  
But first lets get the mood right  
I got the '76 dom perignon  
And a dime bag of smoke so lets get it onIt's OK,its alright  
We're gonna do it tonight  
Don't worry bout a thing  
It's OK, its alright  
We're gonna do it tonightGet the bath water ready  
Its about to get kinky  
I imagine that body so soft  
I won't know till you take you're clothes off  
Don't be afraid  
I wanna be you're sex slave  
Give you sum lovin, kissin, and huggin'  
You won't ask for nothin'It's OK,its alright  
We're gonna do it tonight  
Don't worry bout a thing  
It's OK, its alright  
We're gonna do it tonightWhatever we do ain't leaven here  
I got a millon ways to love you  
I'll be gentle so there's no need to fear  
So come over here  
I've been waiting for this for so long  
Seems like I can't hold back this feeling  
I'm on a mission to make you moan  
So come, come on, come onIts OK,its alright  
We're gonna do it tonight  
Don't worry bout a thing  
Its OK, its alright  
We're gonna do it tonight
