

Love Spaceship (Feat. Danah Lewis)

Lloyd

Open up the door
Baby, I'm knock knockin'
'Cause I wanna take a ride in your love spaceship
'Cause I wanna take a ride in your love spaceship I'm gonna open up the door
And let your love inside
Got so much more in store, baby
Do you want to ride? I could tell by the look in your eyes
That I'm turning you on
Come stay another night
I don't wanna be alone And I know it may sound crazy
But you really got me gone
I just can't help it, baby
I'm in the zone You make me wanna buy your love
So you'll be all my own
Ring, ring, ring your phone
Girl, can you come over? Open up the door
(Oh)
Baby, I'm knock knockin'
(I'm knocking)
'Cause I wanna take a ride in your love spaceship
(Come ride) Open up the door
(Oh)
Baby, I'm knock knockin'
(I'm knocking, so let me in)
'Cause I wanna take a ride in your love spaceship, boy
(Do you wanna ride?) I wanna take you to the moon
'Cause you're my shiny star
My spaceship goes soon
Ha! You don't need no car Wanna be with you darling
You're always on my mind
Come over stop stalling
Ain't got a lot of time Yes, I know it may sound crazy
But I wanna make you moan
Baby, I'll satisfy you
Till your mind is strong Do anything to try your love
Before you run on home
Ring, ring, ring your phone
Girl, can you come over? Open up the door
(Oh yeah)

Baby, I'm knock knockin'
(I'm knocking, won't you let me in?)
'Cause I wanna take a ride in your love spaceship
(Wanna take a ride, yeah yeah
Don't you wanna ride with me girl?)Open up the door
(Oh)
Baby, I'm knock knockin'
(I'm knocking, all in the end)
'Cause I wanna take a ride in your love spaceship
(In your love spaceship yeah, know you wanna ride, let's go!)You're incredible
Take me to your love, baby
Me too
You so crazyTake me to your love, baby
