

The Spy in the Cab

Bauhaus

Hidden in the dashboard
The unseen mechanized eye
Under surveillance
The road is full of cat's eyes
It's sick function to pry
The spy in the cab
Coldly observing
Callously reserving
A driver's time
Hu automated autonomy
Hu playing on his mind
The spy in the cab
The spy in the cab
An eye for an eye
A spy for an eye
An eye for an eye
A spy for an eye
A twenty four hour unblinking watch
Installed to pry, installed to cop
The spy in the cab
An eye for an eye
A spy for a spy
A spy in the cab
The spy in the cab
The cab
Aaa
I spy with my little
I spy with my little
I spy with my little
I spy with my little
I spy with my little
I spy with my little
I spy with my little
I spy with my little
I spy, I spy, I spy
Spy, spy
