

The Lady Suite

Maxwell

It's been so long since I've seen you
And your chocolate legs wrapped around me
Your sexy smell drives me crazy
Let's get married, I'm walking down that highway Suite lady, lady, lady, will you marry me?
Suite lady, lady, lady, will you marry me? I never thought I would ever
Want matrimony forever
But you brought that suite deep familiar
Let's get married Suite lady, lady, lady, will you marry me?
Suite lady, lady, lady, will you marry me?
Suite lady, lady, lady, will you marry me?
Suite lady, lady, lady, will you marry me? I just want to say one time
Want to say one time Suite lady, lady, lady
Suite lady, lady, lady
Suite lady, lady, lady
Suite lady, lady, lady What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married?
What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married?
Come on, baby What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married?
What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married? What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married?
What you wanna do with me?
Do you wanna be with me?
C'mon baby, let's get married? Hey!
