No More

Duff McKagan's Loaded

You don't have to cut me to the bone
I can find my way there on my own
Isn't it enough to say you don't want me no more
You walk right out that door
Left me so stranded and wanting something more... no moreWhy don't you just stab and twist it
What makes you wanna see me crawl for my life
You like my pain you can't resist it
So go ahead and say it one last time
You don't believe no more... No more
Couldn't you have turned away from me
Without dragging my heart through this misery
It's cruel enough alone that you don't need and want me no more
You walk right out that door
Left me so stranded and wanting something more... No moreWhy don't you just stab and twist it
What makes you wanna see me crawl for my life
You like my pain you can't resist it
So go ahead and say it one last time
You don't believe no more... No more
Why'd you have to break apart and throw it away
I loved you
You used to be so sweet, you called me five times a day
My rescue
I never thought I'd see the day that I'd have to fight
And lose this war
You told me that you loved me and you would all your life
But now no more
