My First Everything

Melissa Otero

Baby call me crazy
But every time I think of you
I feel so alive
Wanting to live, no longer dieI never meant to hurt you
I just want to be with you
I just want you to know that you're myChrous:
My first love, first real touch
My first kiss, my first heart
With you love's not the same
You're my first everythingNothing hurts more than you
'cause you're not by my side
Finding true love is not easy
I'm sorry, I didn't mean to hideI never meant to hurt you
I just want to be with youChrous:
My first love, first real touch
My first kiss, my first heart
With you love's not the same
You're my first everythingMy first love, first real touch
My first kiss, my first heart
Finding love is not easy
I wish the world could feel as I do
