Play It Loud

Mxpx

1, 2, 3 go!
Asleep at the wheel 40 miles left to go
rollin' in on fumes to rock the show,
we don't need fortune and we don't need fame,
we don't need bright lights to spell our name,
All we ever wanted was to play
[Chorus]Play it loud, play it loud
raise your voice shout it out
We weren't the first but were holding our own,
10 long years ago those seeds were sewn,

A song in your heart gets you up when you're down,
like the songs we play we love this sound,
we're just like you straight from the crowd
[Chorus: x2]Hold fast to your friends
Be true to yourself
And stop tryin' to be just like somebody else
Be Yourself
[Chorus: x2]Play it loud
