

Old Age (Nevermind Outtake)

Nirvana

Somebody finally freed my brother
One more day to free my brother
Help me I won't find a way, no I'm going there to free my brother
No one there to free my brother (Don't go there to free my brother?)
Help me I won't find a way, brother He's the friend to revive
With all the love I got
In every way I love you (In every way I'll help you?)
Help me know Going my way
