

Aunt Lisa

Mastodon

Advisory - the following lyrics contain explicit language:

I don't see the fearsome fright
All I see is beauty shine
Not much time to say goodnight
I can hear you scream in the sky Nephew do you feel all right
Always up in overdrive
They would try to smother you
Never let your feelings through Live out loud
Live out loud
Live out loud
Live out loud I'm sniffing your garden
I'm sniffing your rose
She's stuck in the middle
You know how it goes They're crawling across now
They'll give him some blow
We'll do him a favor
We'll give him some gold I remember your eyes came out
I can see you run and shout
Don't know where to place the blame
You knew how to hide your pain We just want to see you alive
Taught me how to speak my mind
Release you in atmosphere
It was just too small in here Live out loud
Live out loud
Live out loud
Live out loud Hey ho, let's fucking go
Hey ho, let's get up and rock n' roll Hey ho, let's fucking go
Hey ho, let's get up and rock n' roll Hey ho, let's fucking go
Hey ho, let's get up and rock n' roll Hey ho, let's fucking go
Hey ho, let's get up and rock n' roll
