

You

Gotthard

Something's Wrong, Doctor Please
Got A Strange Heart Disease
And I Desperately Need To Get Over
This Temptation There She Stands Day By Day
And My Life Turns Away
It Was Love At The First Sight
And I Know
This Won't Come Easy Couldn't Move, I Was Petrified
Couldn't Talk, When She Passed Me By
Now She's Constantly Part
In My Thoughts, In My Heart
Can't Hold Another Day All I Want Is You, You, You
Nobody Else But You, You, You
Come Rain And Shine
It's All The Same
Everytime I Call Your Name Certain Things Meant To Last
Some Others, Part Of The Past
I Know That I Can't Be Wrong
Lovin' You So Gimme A Chance, A Little Sign.... And I Know
That One Day You're Mine
I Want You To Know
No Way I Let Go
Surrender To My Love All I Want Is You, You, You
Nobody Else But You, You, You
Come Rain And Shine
It's All Insane
Everytime You Play That Game All I Want Is You, You, You
Nobody Else But You, You, You
Come Rain And Shine
It's All The Same All I Want Is You, You, You
Nobody Else But You, You, You
Come Rain And Shine
It's All Insane
Everytime You Play That Game
