## You

## **Gotthard**

Something's Wrong, Doctor Please
Got A Strange Heart Disease
And I Desperately Need To Get Over
This TemptationThere She Stands Day By Day
And My Life Turns Away
It Was Love At The First Sight
And I Know

This Won't Come EasyCouldn't Move, I Was Petrified Couldn't Talk, When She Passed Me By Now She's Constantly Part

In My Thoughts, In My Heart

Can't Hold Another DayAll I Want Is You, You, You Nobody Else But You, You, You

Come Rain And Shine

It's All The Same

Everytime I Call Your NameCertain Things Meant To Last Some Others, Part Of The Past I Know That I Can't Be Wrong

Lovin' YouSo Gimme A Chance, A Little Sign.... And I Know

That One Day You're Mine I Want You To Know

No Way I Let Go

Surrender To My LoveAll I Want Is You, You, You Nobody Else But You, You, You

Come Rain And Shine

It's All Insane

Everytime You Play That GameAll I Want Is You, You, You Nobody Else But You, You, You

Come Rain And Shine

Its All The SameAll I Want Is You, You, You

Nobody Else But You, You, You

Come Rain And Shine

It's All Insane

Everytime You Play That Game
