

# Hello Kitty Kat

## Smashing Pumpkins

Say, "Hello" before you say, "Goodbye"  
I should go, before you make me cry  
She wants to bleed every drop inside of me  
But I aim to please the little girl inside of me, too Yeah, yeah  
You know I hate to say  
Oh no, I always stay  
I don't wanna be like the others please Who is sorry now?  
Who is sorry now?  
If I show you how  
Will you let me down? Slit my wrists and die a whore  
Love to love to love what you adore  
I can give you anything, but please let me  
Be your everything, please Yeah, yeah  
You know I hate to say  
Oh no, I always stay  
I don't wanna be like the others please Who is sorry now?  
If I show you how  
Will you let me down?  
Will you let me down? Who is sorry now?  
Who is sorry now? My love is weakness  
My love is, oh, so wrong  
My love is sadness  
My love is, oh, so strong My teeth are razor sharp  
My love is fucking strong  
I'll be with you  
But not for long Yeah, yeah  
You know I hate to say  
Oh no, I always stay  
I don't wanna be like the others please Who is sorry now?  
Who is sorry now?  
Who is sorry now?  
If I show you how Will you let me down?  
Will you let me down?  
Please let me down  
Please let me down
