

Lovesongs (They Kill Me)

Cinema Bizarre

Lovesongs, they kill me
They kill me nowThe curtain's closed, no way home
The nectar of life run dry
These tainted words made to hurt
Cut in me with its' knifeEating my mind and with each bite
I'm begging, "Please Lord, no"
This place is a mess
The one has goneLovesongs, they kill me
They kill me now
Lovesongs are killing me
Are killing me right nowTrained to attack, bull eye shot in black
I never thought they'd get me
These pictures in my head, lying in my bed
These whips make me bleedThis place is a mess
My one has goneLovesongs, they kill me
They kill me now
Lovesongs are killing me
Are killing me, right nowI can't hear the sceneries
Of constant tragedies
Of what I meant to feel no more
Cause I'm already dead
And I just cannot bear
To hear another word no moreLovesongs, they kill me
They kill me now
Lovesongs are killing me
Are killing me right now
