

A Child's Claim to Fame

Buffalo Springfield

Well there goes another day
Now I wonder why
You and I, keep telling lies I can't believe that what you say
'Cause tomorrows lullaby can't pacify
My lonesome crying Make believe that's all you know
And to make believe is a game
A child's rein, you've changed your name So sadly I watched the show
I watched you became, truth is the shame
Yeah, too much pain
