

Expose Yourself to Kids

G.G. Allin

Let's fuck some kids, they can't say no
Molest them now before they grow
Threaten them with oral sex
Expose yourself to incest'Cause it's alright to expose yourself to kids
Do it now before they grow up and it's too late
Find an elementary school at recess time
Pull your pecker in front of them and masturbateSuck a little hairless crack
Hold 'em down, they can't fight back
Watch 'em scream and cry with fear
Fucking cunt don't tell nobody dear'Cause it's alright to expose yourself to kids
Do it now before they grow up and it's too late
Find an elementary school at recess time
Pull your pecker in front of them and masturbateAlright, expose yourself to kids
Do it now before they grow up and it's too late
Find an elementary school at recess time
Pull your pecker in front of them and masturbateSay I'm a pervert, it's OK
Hey! Candy little girl? Walk my way, you fucking bitch
Child abuse is on my mind
Little fucking kids I'm soon to findBut it's alright, expose yourself to kids
Do it now before they grow up and it's too late
Find an elementary school at recess time
Pull your pecker in front of them and masturbateDo it now before they grow up and it's too late
Pull your pecker in front of them and masturbateFind an elementary school at recess time
Pull your cock in front of them and masturbate
