

This Time

3 Doors Down

Unsure of yourself, you stand divided now

Which road will lead you there?Last time you fell and you hit hard

Your wounds have healed by now but you still see your scars, yeahBut it's not the way it used to be right now

You've come so far to just let this go, my friendDon't go out the same way you did the last time

You'll break when you fall

Don't make the same mistakes you did all over

You've got to believe in yourself this timeLive on, live it up today

This life's your cup so drink it up I say, yeahSay it's mine, so give it all up to me now

And walk that line, don't let this go, my friendDon't go out the same way you did the last time

You'll break when you fall

Don't make the same mistakes you did all over

You've got to believe in yourself this time, this timeLife's your cup, life's your cup, drink it up

Life's your cup, life's your cupThe same way you did the last time

You'll break when you fall

Don't make the same mistakes you did all over

You've got to believe in yourselfThe same way you did the last time

You'll break when you fall

Don't make the same mistakes you did all over

You've got to believe in yourself this time
