River Bend

Theresa Sokyrka

Your calloused hands have freckled me,
placed my thoughts in places they've never been.
Times before this, I was withered and old,
but you sweetly stole my soul.[Chorus:]
Take me to the river bend.
Take me wherever you want.
Cause you've shown me to places I've never been
and I plan to stay for some time.Scattered pasts have placed us here.
Quicker lives and younger years.
My soul is awake with a heart that won't break
and I hope that you'll stay for some time.
Blow through my hair, with your gentle words.
Feed me timeless wisdom all night.
I feel your energy all over me
and I hope that you'll stay for some time.[Chorus:]
Take me to the river bend.
Take me wherever you want.
Cause you've shown me to places I've never been
and I plan to stay for some wine.
