Walk Away

Racoon

You cover your eyes
If you can't stand the sight
Walk awayYou cover your ears
So you don't have to hear
Walk awayYou cover your nightmares, you put them away
'Cause if nobody knows them the might go away
Walk away, walk away, walk away without meYou cover your lies
With stories and smiles
Walk awayYou're scared what to find
So you just run and hide
You run awayIf you play with a gun you will shoot someone
When you sit in the fire it's your ass getting warm
Walk away, walk away, walk away without me
Without me, without me, without meWhy do you yell?
You can whisper as well
Walk awayThese teardrops of rain
They're masking your shame
Walk awayThis midsummer storm you see a midsummer fight
Put your head in the sand if you can't make it right
Walk away, walk away, walk away without me
