Only Shallow

Nadja

Sleep like a pillow
Downward and
Where she won't care
Anyway whereSoft as a pillow
Touch her there
Where she won't dare
SomewhereSleep like a royal subject
Think that you grew
Stronger thereSpeak your troubles
She's not scared
Soft like there's silk
EverywhereSleep is a pillow
Come where she won't dare
Anyway whereLook in the mirror
She's not there
Where she won't care
Somewhere
