

# Only Shallow

## Nadja

Sleep like a pillow  
Downward and  
Where she won't care  
Anyway whereSoft as a pillow  
Touch her there  
Where she won't dare  
SomewhereSleep like a royal subject  
Think that you grew  
Stronger thereSpeak your troubles  
She's not scared  
Soft like there's silk  
EverywhereSleep is a pillow  
Come where she won't dare  
Anyway whereLook in the mirror  
She's not there  
Where she won't care  
Somewhere
