# You'll Never Get To Heaven

## Diana Vickers

Stepping inside a Friday nightclub
Dressed to the nines
And you're saving up for your favorite song
And when it comes on, your body blazes
You shine like a light
As your pulse is racing
He sees your face across the room
Will I be waiting for you all night?
I'm sick of the sight of wasted rich kids
Stood at the sides of empty floors
Like depressing pores on the rest of our lives
No sign of smiles
And you know we're inside so please spare us
You fake wayfarers, could you love?
Will I be waiting for you all night?
So come and lead me to the strobe lights
You'll never get to heaven
If you dance like that, oh, oh, oh, ohh
You're never gonna get it
If you hold me back, ooh
You'll never get to heaven
If you dance like that, oh, oh, oh
You're never gonna' get it
If you hold me back, ooh
Now you're catching my eye
And you're moving forward
You throw me a smile
And as we start moving you start grooving
You wanna' be mine
And you pull me closer
We step it outside
And the sound of sirens fills the silence
'Cause I've been waiting for you all night
So come and lead me to the strobe lights
You'll never get to heaven
If you dance like that, oh, oh, oh, ohh
You're never gonna get it
If you hold me back, ooh
You'll never get to heaven

If you dance like that, oh, oh, oh
You're never gonna' get it
If you hold me back, ooh
Never get to heaven if you, wa, oh, oh
You're never gonna' get it if you, ooh, ooh, ooh
Never get to heaven if you, wa, oh, oh
You're never gonna' get it if you ooh, ooh, ooh, ooh
'Cause I've been waiting for you all night
So come and lead me to the strobe lights
You'll never get to heaven
If you dance like that, oh, oh, oh, ohh
You're never gonna get it
If you hold me back, ooh
You'll never get to heaven
If you dance like that, oh, oh, oh
You're never gonna' get it
If you hold me back, ooh
