Dreaming in Two Hour Drives

Teitur

Look out my favorite window
Eyes on the beautiful rainbow
Almost painted on the glass
All the colors of the pastEvery day on the 1455
Dreaming in two hour drivesSitting on the ferry
Myself is all I carry
Familiar announcements
People waiting on the pavementEvery day on the 1455
Dreaming in two hour drivesNow wheres your love?
Wheres your heart?
And where's your destination?Dreaming in two hour drivesI cruise into my scene
This roundabout routine
Like a thousand times before
I've been wanting nothing moreNow where's your smile?
And where's your love?
And where's your destination?Dreaming in two hour drivesGot my perfect view
And papers to run through
Just the daily do and such
I'm not asking all that muchEvery day on the 1455
Dreaming in two hour drives
