

# Candlelight

Jack Savoretti

Play with me,  
Do what you want with me  
You won't see me putting up a fight Look at me  
Look what you've done to me  
Never let me go after tonight  
This feeling that I feel  
I don't wanna hide Candlelight is how I like to see you  
Say my name  
In the darkness it's not the same  
So come and kiss me  
Before the sun goes down  
'Cause in the darkness  
it's not the same, it's not the same  
Promise me, you'll wake up next to me  
A lifetime, forever and a day  
Stay with me, don't let our memories  
Take from us the love we have today  
This feeling that I feel  
I don't wanna hide Candlelight is how I like to see you  
Say my name  
In the darkness it's not the same  
So come and kiss me  
Before the sun goes down  
'Cause in the darkness  
it's not the same, it's not the same I don't wanna hide, I don't wanna hide  
I don't wanna hide  
It's not the same  
I don't wanna hide, I don't wanna hide  
I don't wanna hide  
Send the night away  
Send the night away Oh-oh-oh-oh Send the night away  
Send the night away Oh-oh-oh-oh This feeling that I feel  
I don't wanna hide Candlelight is how I like to see you  
Say my name  
In the darkness it's not the same  
So come and kiss me  
Before the sun goes down  
'Cause in the darkness  
it's not the same, it's not the same I don't wanna hide, I don't wanna hide

I don't wanna hide  
It's not the same  
I don't wanna hide, I don't wanna hide  
I don't wanna hide Candlelight is how I like to see you  
Say my name  
In the darkness it's not the same  
So come and kiss me  
Before the sun goes down  
'Cause in the darkness  
it's not the same, it's not the same
