

Mister Five By Five

[Jimmy Rushing](#)

Mister Five By Five
Five feet tall and he's five feet wide
He don't measure no more from head to toe
Than he do from side to sideMister Five By Five
Fifteen chins and a line of jive
He's a rockin' old cat and a real hep fat
He's Mister Five By FiveThat man can really check in for the fat man
There's no way of knowin'
Whether he's strollin' in or goin'
Mister Five By FiveSlightly plump, on the groovy side
He's a rockin' old cat, a real hep fat
He's Mister Five By FiveHe don't measure no more from head to toe
Than he do from side to side
He's a rockin' old cat and he's a real hep fat
He's Mister Five By FiveThat man can really check in for the fat man
There's no way of knowin'
Whether he's strollin' in or goin'He don't rockin' no more from head to toe
Than he do from side to side
Mister Five By Five
