Live Your Life Be Free

Belinda Carlisle

Live your life be free

Live your life be free

Open up your mind and you will see

You should be with me, baby

You should be with meI see you walking with her

I see you all around

But you don't seem very happy now

You seem very downI know you feel an obligation

To her emotional state of mind

But this is the time of your life baby

And you should be having a good timeAnd if you want me, I'll be there

To run my fingers through your hair

If you need me, it's alright

Come on over baby

And see me tonight, you've got toLive your life be free

Live your life be free

Open up your mind and you will see

You should be with me, baby

You should be with meYou know that I'll be waiting

You know my heart is true

I will be your everything

And give everything to youSo is you want me baby, I'm yours

You don't have to knock, kick down my doors

Rules are made to be broken everyday

You got one life to live, so hey why don't you? Live your life be free

Live your life be free

Open up your heart and you will see

You should be with me, baby

You should be with me

You should be with me, baby

You should be with meLive your life be free, baby

Live your life be free, baby

Live your life be free, baby

Live your life be free, baby

And when you free your mind

You will leave your past behindLive your life be free

Live your life be free

Open up your eyes and you will see

You should be with me, baby

You should be with me Live your life be free
