The Way You Make Me Feel

YUTAH

Couldn't feel much better Than the way I fell tonight Feel like Icould live forever Feel like I could fly When I thought I'd get it wrong, yeah You somehow make things right That's the way you make me feel Better than it's ever been Better than I've ever known it I can't seem to control it, no Like the sun coming up in the morning The way you make me feel Like holding the world in your hands I couldn't feel much better In a way I could never imagine (yeah) The way you make me feel Than when I'm here with you You make everything seem so easy But somehow...you always do I'm telling you the truth You never try to please me [CHORUS] The way you make me feel, yeah The way you make me feel The simple things you do to me Simple things you say I sometimes can't believe it's for real The way you make me feel, yeah [CHORUS] The way you make me feel The way you make me feel
