

Hey Angel

Dio

How do you feel right now?
How does it feel to be alone?
How do you feel right now?
Tell me Hey angel, what's your situation?
Hey angel, oh, oh Where would you be right now?
Waiting to taste your next tomorrow
Where would you be right now?
Tell me Was the pain too strong to take it anymore?
So you turned off all the lights and shut the door Hey angel, what's your destination?
Hey angel Hey angel, we got a complication
Hey angel, oh, oh you're my angel, my angel How do you feel right now?
How does it feel to be alone? Oh
How do you feel right now?
How do you feel right now? Oh angel, you're my angel
Oh my angel, angel, angel
You're my angel How do you feel right now?
What do you see?
Where would you be right now?
Hey angel, what about me?
