

Main Street (Acoustic)

Deer Tick

I cant sleep, I cant close my eyes
Blinked one second, the whole world pass you by
Yeah, I guess Im in
All the days you spent
I cant eat, I cant use my mouth
Miss one day and the whole world cast you out
Yeah I guess I try
All the times a lie
Of goodbye times, you aint on my side
Satisfaction, too much of mine
Song goes here, never let me down
Oh the main street seems so lonely now
I cant hear, I cant use my ears
Miss one speech and youre uninformed to tears
Yeah I guess Im scared
Every time I care I cant breathe, I cant use my nose
Miss one man from the start Im bag alone
Yeah I guess Im wrong
I cant sing a song
Of goodbye times, you aint on my side
Satisfaction, I go way too much of mine
Song goes here, never let me down
But the main street seems so lonely now
I cant write, I cant bleed my soul
Lose one friend and you whole might find its whole
Yeah I guess youre strong
But I wont let it show
Speak to me again,
And I have never have felt it, before.
