

History Is Made At Night

Smash (Cast)

Put down the playbook
Cause the things I wanna show you cant be written down
Let my lips do the teachingTurn off the camera
Kick your shoes off for this scene you should be sitting down
Yeah sitting close enough for reachingTurn down the lamp
For the last page has been turnedWhen the dawns breaking throughWe can stop and review all the lessons youll
have learnedCause history is made at night so close the books turn off the light and listen
Let my heart be the teacher
No one here to disapprove
As we review the lessons youve been missing
Let the moon be our only light
Cause history is made at nightI see the questions burning in your eyes or is it just reflections
Mm of the stars high above youOh Im just your student and I hope you wont be shy please make corrections
Yeah on the sweetest way to love youCome whisper close tell me just when to say whenThen well sleep through
the dayThen whenever you say thats when school begins againCause history is made at night so close the books
turn off the light and listen
Let my heart be the teacher
No one here to disapprove
As we review the lessons youve been missing
Let the moon be our only light
Cause history is made at nightSomeday theyll write lots of books
About our fame and gloryBut if all their reports are just movies and sports
Theyll be missing the whole storyCause history is made at night so close the books turn off the light and listen
Let my heart be the teacher
No one here to disapprove
As we review the lessons youve been missing
Let the moon be our only lightCause history is made at night
Yes our history was made at night
