

# Inverted and Inserted

## Severed Savior

Rebellion  
Malicious hatred for her creators  
Resentment in heart and mind  
Abandoning the careless swine  
A pedophile father, an alcoholic mother  
They called her "spawn of the dark one"  
Constantly locked in solitary confinement  
Awaiting the next beating and her defilement  
Her progenitors  
Gave birth to their enemy  
Encouragement of self mutilation  
Their blood in her veins  
She cuts herself to drain their ties  
She knows no other way of life  
Numerous attempts to convert her  
Blurred vision from her swollen eyes  
Her tears of blood remind her  
Of their empty lies  
Endless attempts to alter her  
Mind set to force paralysis  
Of independence but she stirs  
The echoes that are their lies  
Be faithful  
Or be beaten by the right hand  
Her decision, to fight back with the left  
And grab the cross from her wall  
To invert it and insert it  
Driven toward what was meant to be secluded  
Her new found directions was hear means of conclusion  
Finally answering question she asked her self so many times  
What is the perfect revenge for my abusers?  
Ritualistic self-possession to turn on the despised  
Invocation of her dark lord with the intent to rise  
She doesn't realize  
There is no god to despise  
Easing for the wrong reasons  
Blood spilled from the orifice  
Onto empty pipe dreams  
False prophets and psychosis

Creates battles within a bloodline  
The real creators caused the perverted suicide of their creation  
There is no god to despise
