I'm tired of hearing
In fact I seem to drown everything out
The sounds are disappearing todayI can't speak, I can't hear, I can't make it crystal clearI want to know what everyone has to say
Communication gets harder everyday
I want to know what everyone thinks of me
But it's so hard when they speak so softlyNothing seems to sink in
Everything comes right out the same
No one knows what I'm thinking todayI can't speak, I can't hear, I can't make it crystal clearI want to know what everyone has to say
Communication gets harder everyday
I want to know what everyone thinks of me
But it's so hard when they speak so softlyI want to know what everyone has to say
Communication gets harder everyday
I want to know what everyone thinks of me
But it's so hard when they speak so softlyIf you try to talk I won't understand
Nothing seems to make sense to me
If I try to speak you won't understand
I can't explain things that I've seen
But if you try to see inside
I won't mindEverything's so peaceful
I don't want it any other way
No one knows why I'm cheerful todayI can't speak, I can't hear, I can't make it crystal clearI want to know what everyone has to say
Communication gets harder everyday
I want to know what everyone thinks of me
But it's so hard when they speak so softly
