

Fuck You

Mourning Widows

Fuck You - You really like that money
Fuck You - I bet you bet its funny
Fuck You - Your pillow full of nickels
Fuck You - As long as you can sleep at night
Fuck You - You truly are my best friend
Fuck You - Forever never ending
Fuck You - you love me like a brother
Fuck You - you rob me like a ...You got no spine
You live your lie
You hide your story
And even though its not the money
Its the pain
You spend in vein
I'll see ya sorry
Cause what you greed is what you get
Take it all
Fuck Me - I cant believe I bought it
Fuck Me - I would have never thought it
Fuck Me - Your financial amnesia
Fuck Me - Later when I see zure
Take it! What? You cant hang on?
I cant take it
What you want from me
You wanna watch me bleed
Pain Pain go away
Fuck with me some other day
