

Inside Out

Evil's Toy

Have you ever heard about me?
Something about my life.
Have you ever had the chance to feel?
Have you noticed what I said?
Talk to me, I'm feeling bad
Tell me if I'm right!
You know for sure.
Show me your inside out
Let me know that you are mine
Something you talk about
You will be mine.
Show me your inside out
Let me know that you are mine
Something you talk about
Promise me, that you'll be mine.
Listen to that noise inside
My feelings make a dark world light
It is the beat that will never end.
Salty tears, a laughing face
Discovering your stars, called eyes
Wake up my dear,
Your dream is alive.
Have you felt, what I've melt
Time goes by, I hope you'll stay
With me, the past, the guiding light.
Can you tell something about me?
Something about my life
I think you could
We know for sure
