No Way

Fifth Harmony

[Fifth Harmony]
I know you don't want me anymore by the look on your face
(They say when it rains it pours, you can tell by my face)Oh and I know, and you know that we've been here before
I think I know how it should end
We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them
Friends with insanity as of latelyEveryone comes with scars but you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way
(Way, way, no way, no way)When I look in your eyes I see through to my soul
I know the core of you is good, you're my tarnished heroOh and I know, and you know how our story is told
Only we know what it is
We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them, friends with insanity as of lately...Everyone comes with scars but you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way(Way, way, no way, no way, no way...)
