

Blood Of Me

Heather Nova

Hoo hoo haa, big ring around the moon
Hoo haa, it's gonna rain hard soonHey, I know you're gonna leave
It's like a storm insideYou're the blood of me
You're the truth that hurts
(Hurts)
You're the memory
You're the drug that worksHaa, why, why do people change
When hearts, hearts, hearts, still beat the same ?You're the blood of me
(You're the blood of me)
You're the truth that hurts
(Hurts)
You're the memory, yeah
(You're the memory)
You're the drug that worksI don't believe you, when you tell me
I don't believe you, when you hold me
I don't believe you
You're my medicine
I don't believe you, when you fuck meYou're the blood of me
(You're the blood of me)
You're the truth that hurts
(Hurts)
You're the memory, yeah
(You're the memory)
You're the drug that works
(Works)You're the blood of me, yes
(You're the blood of me)
You're the truth that hurts
(Hurts)
You're the memory, yeah
(You're the memory)
You're the drug that worksHaa, big ring around the moon
Gonna rain hard soon
