

# Mco

## Icarus Himself

She held her close. She was home.  
Around the bed a circle formed  
The tubes came out. She went cold.  
The warmth came in and the fear was gone.  
The warmth came in and the fear was gone.

I held her close. She was home.  
Console her wet, weary bones.  
Her hopes went down a hole.  
The warmth came in and the fear was gone  
repeat 3x
