

# False News Travel Fast

## Sonata Arctica

I Look out the Window, I see the sun in the sky, for now,  
it is not for me  
Stories of old times, Black Book of Lies with no reason nor rhymes  
No secrets, no disguise Colour of the jealousy that hangs over thee  
Why don't you believe, You still do not know me Books of true tales, Mirrors of tragedy  
Remorseful and pale  
As always  
These news travel fast Walking cross snowfields, how can I trust in this path I leave  
fading behind me  
Pleading not guilty. It's in the nature of humankind  
Installed in a manchild Life can -do it in many ways, toss dirt on your face  
But I am your man, and for you I do all I can [Repeat chorus] Standing on the station, watching your train slowly  
disappear  
I'm only shell of a man, I thought you knew who I am... But go ahead and blame the fool  
You have beliefs that aren't true  
I have not lived the life you read from The books of true tales, Mirrors of tragedy  
My life is no game  
It's a real shame the false news travel fast Why do you keep me in the agony?  
"The Book of true tales"  
How can you hate and keep me in this agony?  
"The Mirror of tragedy"  
I haven't lied, I haven't cheated!  
"The Book of true tales"  
What do you think? What do you see when you look in  
"The Mirror of tragedy" And I'm still your man, and for you I do all I can Books of true tales, Mirrors of tragedy  
Remorseful and pale  
as in past, these news travel fast The books of true tales, Mirrors of tragedy  
My life is no game  
It's a real shame the false news travel fast
