

Good Good

Florida Georgia Line

Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, ohPretty thing you're making me go back
Looking like a Shania Twain throwback
Picture perfect girl I gotta post that
Sippin' 7 and 7 in your 7 jeansPut on a string, a little rip on the seam
A southern boy's dream, like a movie scene
So go on shake your thing like a leaf
Nobody gonna see it but the moon and me
Come onYou know you got that fire right
Girl you my good good
Giving me a chance to make your night
You know that I would would
You wanna dance girl
I'll get you spinning
You wanna see the world
I'll be your ticket
I'll put your hand in my hand
I'm winning, I'm winning
You like that way that diamond shines
You know you got that fire right (that fire right)
Girl you my good good
You know you got that fire right (that fire right)Another shot of them blue eyes
Won't need anymore of that moonshine
You're lighting me up my little firefly
I can feel the heat, heat
Blazing to the beat, beat
Backseat GG baby when you do your thingYou know you got that fire right
Girl you my good good
Giving me a chance to make your night
You know that I would would
You wanna dance girl
I'll get you spinning
You wanna see the world
I'll be your ticket
I'll put your hand in my hand
I'm winning, I'm winning
You like that way that diamond shines
You know you got that fire right (that fire right)
Girl you my good good

You know you got that fire right (that fire right)
 Girl you my good good
 Yeah, yeah, yeahYeah, I can feel the heat heat
 Blazing to the beat beat
 Backseat GG, talking no sleep sleep (talking no sleep sleep)
 Baby when you do your thingYou know you got that fire right
 Girl you my good good
 Giving me a chance to make your night
 You know that I would would
 You wanna dance girl
 I'll get you spinning
 You wanna see the world
 I'll be your ticket
 I'll put your hand in my hand
 I'm winning, I'm winning
 You like that way that diamond shines
 You know you got that fire right (that fire right)
 Girl you my good good
 You know you got that fire right (that fire right)
 (Whatever you say girl)You got that fire, that fire
 Girl you my good good
 You got that fire, that fire
 Girl you my good good
