

No Miracles

Kid Ink

[Elle Varner]I never waited on a miracle
There ain't no miracles round here
There ain't no miracles
And I'm not afraid of the impossible
There ain't impossible round here
There ain't impossible, no[Kid Ink]I ain't afraid, knowing sh*t has gotta change
One day it'll never be the same
Just look into my heart, you can see the grind
Look into my eyes, you can see the pain
Paint a perfect picture where I came from
Some nights when I thought I wouldn't see the sun
Son raised, though daddy wasn't home, work
Hard try'n'a hold it down like a short skirt
Skrr off from these niggas tryna hold me back
I will not lose, Hov told me that
Dreaming 'bout a moment that'll change my life
I don't never wanna wake up, turn off the lights
Gotta let it burn, I've been ready to ignite
I said nothing's impossible
See me running through the city, no obstacles
No option two, one way to go[Elle Varner]I never waited on a miracle
There ain't no miracles round here
There ain't no miracles
And I'm not afraid of the impossible
There ain't impossible round here
There ain't impossible, no[Kid Ink]I ain't afraid, it's nothing more I've gotta say
To the haters middle finger up to your face
Facing so many problems, hate being tested
From a place where they waiting to see me arrested
No rest, try'n make it where I wanna go
Alumni but I couldn't make the honor roll
Too cool for school, I'm too rude wit' you
There's no rules in the life we choose
I gotta ride for something, gotta die for something
Say you only live once, we'll I keep it 100
Mo' money, mo' problems keep on coming
Try'na never go back but these niggas keep fronting
Right now everything going right, it could f*ck up tonight though
Said nothing's impossible

See me running through the city, no obstacles
No option two, one way to go[Elle Varner]I never waited on a miracle
There ain't no miracles round here
There ain't no miracles
And I'm not afraid of the impossible
There ain't impossible round here
There ain't impossible, no[Machine Gun Kelly]Kellz
I ain't afraid, I'm already dead
I just don't know when we going
It's crazy how the devil gets us when we heaven sent
My hands already red, I lost so many men
Heavy is the head that bares the crown that I'm wearing man
I was a loser just try'na fit in a letterman
But those were school days, I grew up, now I'm on Letterman
I never thought that a song I wrote in a minivan
Would ever have the impact I'm reading inside these letters, man
Dear Kells I heard yo story and felt it, man
Your voice inspires, I feel like I can do anything
By the way, I sent you something from my brother
Open it up, a razor felt, it was a cutter, damn
What if you were me, in 2003
Rap was just a dream, baggy jeans, burning blank CDs, feed them to the streets
Would you let adversity have you on, come for money, guide you on
Realize everything you need's inside you[Elle Varner]I never waited on a miracle
There ain't no miracles round here
There ain't no miracles
And I'm not afraid of the impossible
There ain't impossible round here
There ain't impossible, noI never waited on a miracle
There ain't no miracles round here
There ain't no miracles
And I'm not afraid of the impossible
There ain't impossible round here
There ain't impossible, no
