Your Place

Salammusik

I like it on the mellow,
Say hello, When you tipsy,
Come show love,
And tell me how much you miss me,

Minds elevated,
We can get stimulated,
All the track lay it down,
With some flow,
So creative,

Not a narow voralacous, spin around with the vocal,
Tired, left around, smooth dimensions in a portal,

Blackhole a vacuum,
I got yourself then,
No matter how I end,
Where I'm about to begin,

It's the message that we send,
Through our music, don't pretend,
All about the peace and love we spread to our friends,
We spread to our friends yeah,

Yes there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity,

Coz, there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity

Why do we always says,
I dont wanna be this way,
Hey there's ain't losing game,
Makes everybody go insane,

Bada-b-but i never try,

Yes i never lie,
Peace and love yes we bout to play,
Sku-de-li-don never wrong,
Just keep it going on,
Spread the thought malaysia do live along,

(Yeah) Coz i know, i know, i know, i know you know,
you got it,
i know you know,
(heh) we got it,

Yes, there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity,

Coz, there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity

Heeyy, live your live and be free,
break a goals and you will see,
your hopes and dreams will come easy,

Treat yourslef right-Right,
Trait yourself good-good,
Stop your worries got your pursuit,
You're the one who writes your own books uuwh,

Yes there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity,

Coz, there's a place for you and me,
Where you can be what you need to be,
Open your eyes and you will see,
A place with love and unity.
