In the Black

Lenny Kravitz

I go but I keep coming back...
I might be wrong that's where I'm at...Under the covers in the black...
Is our own world where we can act...
Anyway that we wanna...
Now where our love keeps falling down...
I know that it's the dawning...
I fall in love each morning...
Uh uh uh uh uh... Uh uh uh uh uh....When I wake up you're in my eyes...
Every day is a new surprise...With you I don't wear a disguise...
With you I feel the perfect high...You are the one the only...
I was so sad and lonely.... Now...
I know that it's the dawning...
I fall in love each morning...
Uh uh uh uh uh... Uh uh uh uh uh....I know that it's the dawning...
I fall in love each morning... Now...
I know that it's the dawning...
I fall in love each morning...
I know that it's the dawning...
I fall in love each morning...
Uh uh uh uh uh... Uh uh uh uh uh....
Uh uh uh uh uh... Uh uh uh uh uh....
