

# Epilogue

## Premiere Cast

SUE

No doubts

No more fears

I see you shine and the dark disappears ENSEMBLE

One day you finally see her (One day you finally see her)

Finally see her

Finally see her

For years

You look

You look at someone passing by

And then one day you see her (And then one day you see her)

One day you finally see her Now SUE

How can I not see? ENSEMBLE

Me

Am I so blind

I could say 'Thank God that's not me'

But what does it cost to be kind?

Blinded and silent

Too scared to be

And to finally see

And to finally see SUE

I felt

As though

This girl revealed herself to me (finally see, finally see)

And now

I know

That once you see

You can't unsee
