

# Not Letting Him Go

ISYSS

No girl my man  
He don't have a million dollars in his hand  
And he don't have a eighty thousand-dollar Benz  
But he does for me not like all the majority  
(Who) don't have a three story plushed-out pad  
Living on a hill even if he drove a cab  
I would ride with him and he would still  
Be my boyfriend (neva)Neva owned a drop top or any diamond rings  
Don't ride no yachts and those expensive things  
Neva seen a big mansion and no private planes  
But he has my heart  
Neva slept in a Four Seasons suite in France  
And he doesn't have any high rolling friends  
But he has his twenty-inch chromed-out rims  
To add to my heartNo my man don't drive any Bentleys  
Works a nine ta five to make ends meet  
But faithfully steadily going to places  
I'm not lettin' him go  
No my man don't drive any Bentleys  
Works a nine ta five to make ends meet  
But faithfully steadily going to places  
I'm not lettin' him go nowhereLove him from head to toe  
And he spends quality time with me though  
And he plays ball on the weekend with his folks  
And he rubs my feet  
When I get off from work  
Sometimes we fight  
And have arguments from time to time  
But when we make up  
It feels so right  
'Cause he is for me and I am here for him oh babyNeva owned a drop top or any diamond rings  
Don't ride no yachts and those expensive things  
Neva seen a big mansion and no private planes  
But he has my heart  
Neva slept in a Four Seasons suite in France  
And he doesn't have any high rolling friends  
But he has his twenty-inch chromed-out rims  
To add to my heartNo my man don't drive any Bentleys  
Works a nine ta five to make ends meet

But faithfully steadily going to places  
I'm not lettin' him go  
No my man don't drive any Bentleys  
Works a nine ta five to make ends meet  
But faithfully steadily going to places  
I'm not lettin' him go nowhere I'm satisfied and so content  
Stayin' here with my man  
I have no need to search for a new I got a man  
I'm overjoyed when folks see me out there  
With him  
So happily I feel complete  
Together for the rest of our lives No my man don't drive any Bentleys  
Works a nine ta five to make ends meet  
But faithfully steadily going to places  
I'm not lettin' him go  
No my man don't drive any Bentleys  
Works a nine ta five to make ends meet  
But faithfully steadily going to places  
I'm not lettin' him go nowhere
