

# Blood to Bleed

## Rise Against

This place rings with echoes of  
Lives once lived but now are lost  
Time spent wondering about tomorrow  
I don't care if we lose it all tonight  
Up in flames, burning bright  
Warming the air of the world I don't love you anymore' is all I remember you telling me  
Never have I felt so cold  
I have no more blood to bleed  
As my heart has been draining into the sea Since I've taken your footsteps  
Getting me closer to what is left  
Of the dreams of what I once claimed to know Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for? I don't love you anymore' is all I remember you telling me  
Never have I felt so cold  
I have no more blood to bleed  
As my heart has been draining into the sea Still I wait  
With a hope inside of me (inside of me)  
So still (so still) I wait (I wait)  
Until again we meet  
Until again we meet Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for? I don't love you anymore' is all I remember you telling me  
Never have I felt so cold  
I have no more blood to bleed  
As my heart has been draining into the sea Still I wait  
With a hope (so still) inside of me (I wait)  
So still (a hope) I wait (inside of me)
