Before You Leave

Kurt Nilsen

Stay, stay a little longer.
Do you have to go away?
Stay stay for tomorrow.
Then I will know, if I'd rather be alone.Take, take a moment of time and turn it back
So we can start from scratch
Suppose, I'll leave all I've got
Would it make it easier on your heart?Well I'll take what I can before you leave
If that is just a smile
I'll stay up all night, so I can watch you breathe
If that is alright
Come on and show me that silky skin
You're oh so fine
I know we could turn it right
I know we could turn it rightThrow; throw me a lifeline way out to sea
Would you save me if it all goes wrong?
Grab, grab me 'cause I'm yours
Forever that's for sure
Because that's what I want you to tell meWell I'll take what I can before you leave
If that is just a smile
I'll stay up all night so I can watch you breathe
If that is alright
Come on and show me that silky skin
You're oh so fine
I know we could turn it right
I know we could turn it rightBut it's all an illusion
Easier said than done
Let's make a conclusion
Is it worth giving it a try?Well I'll take what I can before you leave
If that is just a smile
I'll stay up all night so I can watch you breathe
If that is alright
Come on and show me that silky skin
You're oh so fine
I know we could turn it right
I know we could turn it rightCome on and show me that silky skin
You're oh so fine
I know we could turn it right
I know we could turn it right
