

Too Fucked Up To Call

2am Club

Uh uh uh uh oh oh
uh uh uh uh oh oh oh oh
uh uh uh uh oh oh
uh uh uh uh oh Ah, I was planning on making it a slow night,
but you know that usually doesn't go right.
Everybody telling me to come through,
so I figured imma just stop by for a brew.
While i'm here might as well have two.
Listen to some music and take of my shoes.
Before I knew it we were jumpin' in the pool,
lookin' at the sky, feelin' like i'm on the moon. Heey, I'm so good tonight.
She ain't by my side,
and I wonder why.
I remember.
You told me to call you by 1,
but I wasn't thinkin'.
I was just out with my friends
Talkin' and drinkin.
We've been through this a hundred times,
you say I don't care at all,
but baby i love you,
I'm jus too f*cked up to call. Woah oh oh oh oh oh (x6)
But baby I love you,
I'm just to f*cked up to call. Yeah, I'm sorry that I still haven't hit ya.
But I promise that i'll show you the pictures.
I don't play games, maybe flip cup.
Didn't even join the girls playing twista.
And I poured you a shot cause I missed ya,
and two more for your mom and your sista.
It's not like i was out at a strip club,
unless you consider a strip club a strip club. Heey, I'm so good tonight.
She ain't by my side,
and I wonder why.
I remember.
You told me to call you by 1,
but I wasn't thinkin'.
I was just out with my friends
Talkin' and drinkin.
We've been through this a hundred times,

you say I don't care at all,
but baby i love you,
I'm jus too f*cked up to call.Woah oh oh oh oh oh (x6)
But baby I love you,
I'm just to f*cked up to call.Baby i love you, I'm just too f*cked up to call.You told me to call you by 1,
but I wasn't thinkin'.
I was just out with my friends
Talkin' and drinkin.
We've been through this a hundred times,
you say I don't care at all,
but baby i love you,
I'm jus too f*cked up to call.Woah oh oh oh oh oh oh (x6)
baby I love you,
I'm just to f*cked up to call.
I'm just too f*cked up.
I'm just too f*cked up to call.
I'm just too f*cked up
baby I love you,
I'm just too f*ucked up to call.
